

CS455 – Lab 1-1 (week 0 lab) – Chance Spurgeon-Couraud

The screenshot shows a Slack interface for a workspace named 'SOU Computer Science - David Pouliot'. The left sidebar contains a list of channels, including '# general', '# linux', '# random', '# virtual-machine', and several private channels. The main area displays the '# general' channel with a message from David Pouliot. A promotional banner for an 85% discount on a paid plan is visible at the top. The message from David Pouliot discusses the Slack for Education program and mentions a job opening at Eagle Point School District 9. A message from Aldo Vela is also visible.

Aldo Vela 3:04 PM
@David Pouliot: did he make any indication if this is part time or full time? Didn't see in what he included.
Also do we get to stay in this channel after this term?

David Pouliot 3:07 PM
My guess is it is full time. It does say 260 day year round position. So summers off? Here is his email: allen@eaglept.k12.or.us
And yes, you will have access to this channel after term. Both Daniel and I use slack for our classes, and the others might start as well. The idea is you can use this your entire time here at SOU. We will probably be merging our workspaces this summer. I should probably add a job channel instead of putting these in the general channel

Hi everyone! Let's try using Slack for...
